Documentation Required

One of the lettered conditions listed in Item 5 on the reverse must be evidenced by a copy of the veteran's discharge (or release from active duty) paper that documents service dates and character of service, such as a DD Form 214, or verification from the veteran's service department or VA.

- a person who served with any of the forces allied with the United States in any war, even though a United States citizen, if he/she did not serve with the United States armed forces; or
- a person inducted for training and service who, before entering upon such training and service, was transferred to the Enlisted Reserve Corps and given a furlough; or
- a former temporary member of the United States Coast Guard Reserve.

Relationship to Veteran, and Disposition of Flag

When actually used to drape the casket or accompany the urn of the veteran, the flag must be delivered to the next of kin (or to a close friend or associate when no claim is made by the next of kin) following interment or inurnment. If there is no living relative or one cannot be located, and no friend or associate requests the flag, it must be returned to the nearest VA facility.

For the purpose of disposing of the flag, the term "next of kin" is defined as follows, with entitlement priority in the order listed:

- widow or widower;
- children, according to age (minor child may be issued a flag on application signed by guardian);
- parents, including adoptive, stepparents, and foster parents;
- brothers or sisters including brothers or sisters of half blood;
- uncles or aunts;
- nephews or nieces; and
- others - cousins, grandparents, etc.

The term "close friend or associate" means any person who establishes by evidence that he/she was a close friend or associate of the deceased.

Flag Limitations and Exception

- Only one flag may be issued for each deceased veteran.
- Damaged, destroyed, lost or stolen flags may not be replaced.
- A flag may not be issued after burial except when it was impossible to obtain a flag in time to drape the casket or accompany the urn of the veteran before burial. The applicant must personally sign the application and include under "Remarks" a statement explaining the reason that prevented timely application for a burial flag.

To Apply for a Burial Flag

Use VA Form 21-2008 (on reverse side), and submit it to a funeral director, a representative of the veteran or other organization having charge of the funeral arrangements, or other person having knowledge of the facts and acting in the interest of the veteran or his/her family.

Burial flags may be obtained at VA regional offices, national cemeteries, and most local U.S. post offices. No flag may be issued unless a completed application has been received (38 U.S.C. 2301).

ISSUING OFFICIAL WILL DETACH THIS SHEET AND PRESENT IT TO THE RECIPIENT OF THE FLAG

USE OF THE FLAG

1. This flag is issued on behalf of the Department of Veterans Affairs to honor veterans who have served our country.
2. When used to drape the casket, the flag should be placed as follows:
 - (a) **Closed Casket** - Drape the casket with the flag so that the union (blue field) is at the head and over the left shoulder of the veteran.
 - (b) **Half Couch (Open)** - Drape the closed half of the casket with the flag in three layers. The blue field should be the top fold, next to the open portion of the casket on the veteran's left.
 - (c) **Full Couch (Open)** - Fold the flag in a triangular shape and place it on the center part of the head panel of the casket cap, just above the left shoulder of the veteran.
3. During a military commitment ceremony, the flag which was used to drape the casket is held waist high over the grave by the pallbearers and, immediately after the sounding of "Taps," is folded in accordance with the illustration below.
4. Folding the flag (see illustration below):
5. The flag should not be lowered into the grave or allowed to touch the ground. When taken from the casket, it should be folded as shown (see illustration).
6. The flag should form a distinctive feature of the ceremony of the unveiling of a statue or monument, but it should never be used as a covering for the statue or monument.
7. The flag should never be fastened, displayed, used, or stowed in such a manner as will permit it to be easily torn, soiled, or damaged in any way.
8. The flag should never have placed upon it, nor any part of it, nor attached to it, any mark, insignia, letter, word, figure, design, picture, or drawing of any nature.
9. The flag should never be used as a receptacle for receiving, holding, carrying, or delivering anything.
10. The flag, when badly worn, torn, or soiled should no longer be publicly displayed, but privately destroyed by burning in such a manner as to convey no suggestion of disrespect or irreverence.

CORRECT METHOD OF FOLDING THE UNITED STATES FLAG

(a) Straighten out the flag to full length and fold lengthwise once, folding the lower striped section of the flag over the blue field.

(b) Fold it lengthwise a second time to meet the open edge, making sure that the union of stars on the blue field remains outward in full view.

(c) A triangular fold is then started by bringing the striped corner of the folded edge to the open edge.

(d) The outer point is then turned inward, parallel with the open edge to form a second triangle.

(e) The diagonal or triangular folding is continued toward the blue union until the end is reached, with only the blue showing and the form being that of a cocked (three corner) hat.
